

Welcome to chatcsvandpdf.com

Website: www.chatcsvandpdf.com

What is chatcsvandpdf.com?

Chatcsvandpdf.com is an advanced AI-powered platform designed to streamline data extraction from CSV and PDF files. Our natural language chatbot allows you to interact directly with your documents, providing instant answers and insights without the need for manual searches or complex coding.

Why Choose chatcsvandpdf.com?

Manually searching through large PDFs or parsing extensive CSV files can be time-consuming and error-prone. With chatcsvandpdf.com, you can effortlessly extract the data you need in moments, saving both time and effort. Our platform leverages cutting-edge AI to provide precise and accurate results based on your natural language queries.

Key Features:

- **PDFs:** Ask questions and instantly receive relevant answers without sifting through pages of content.
- **CSV Files:** No need to write complex Python scripts; simply query your data and get results in real-time.
- **API Integrations:** Flexible API integrations allow developers and businesses to automate data extraction and access our platform's features programmatically.

API Documentation for chatcsvandpdf.com

Welcome to the API documentation for chatcsvandpdf.com. Below are the details on how to interact with our platform, upload files, and use our AI chatbot for queries.

1. Generate API Key

To get started, you need to obtain an API key. You can generate an API key via the **API Documentation page** on our website. This key will be required for authentication when making API requests.

How to Chat with Your PDF

(Currently, we only offer PDF chat, but we are working on CSV support.)

Easy 3-step Process:

1. **Upload a File:** Upload your PDF to our database.
2. **Get the File ID or Key:** After upload, you'll receive a unique file ID or key.
3. **Send Your Query:** Use the file ID to send a query and chat with the document.
